REQUEST TO CORRECT FILING RECEIPT

Application Processing Division's Customer Correction Branch  
Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

Review of the Filing Receipt for the above-identified patent application has revealed an error due to mistake of the Patent and Trademark Office.

We have recently received from the Patent and Trademark Office an Office Action in the above-identified patent application, which shows an incorrect attorney docket number. In going through our file for this application, we discovered that the two filing receipts which we have received in this matter, as well as a Notice to File Missing Parts, all have the incorrect attorney docket number. The incorrect attorney docket number is PLAT1001MCF. The correct attorney docket number is:

PLAT-01000US0 MCF

- 1 -

Attorney Docket No.: PLAT-01000US0 MCF/JWC  
jwc/plat/1000/1000.023

Enclosed for your convenience are copies of the two filing receipts, the Notice to File Missing Parts, and the cover page of the Office Action of September 15, 1999. Also enclosed is a copy of the Return Postcard which accompanied the filing of the patent application and which shows the correct attorney docket number.

Pursuant to 37 C.F.R. §1.322, the undersigned attorney of record, as a representative of an owner of an interest in the patent, requests that a Corrected Filing Receipt be issued and that all future communication from the Patent and Trademark Office in this matter reflect attorney docket number PLAT-01000US0 MCF.

Applicants believe that there is no fee associated with this communication. However, the Commissioner is hereby authorized to charge underpayment of any additional fees or credit any overpayment associated with this communication to Deposit Account No. 06-1325. A duplicate copy of this authorization is enclosed.

Respectfully submitted,

Date: 15 Oct 99

Receipt is acknowledged of this nonprovisional Patent Application. It will be considered in its order and you will be notified as to the results of the examination. Be sure to provide the U.S. APPLICATION NUMBER, FILING DATE, NAME OF APPLICANT, and TITLE OF INVENTION when inquiring about this application. Fees transmitted by check or draft are subject to collection. Please verify the accuracy of the data presented on this receipt. If an error is noted on this Filing Receipt, please write to the Application Processing Division's Customer Correction Branch within 10 days of receipt. Please provide a copy of the Filing Receipt with the changes noted thereon.

Applicant(s)

MATTHEW J. MASON, SANTA BARBARA, CA.

FOREIGN FILING LICENSE GRANTED 08/07/98 ✓

TITLE

METHOD AND APPARATUS FOR INTERACTING WITH A SOURCE CODE CONTROL  
SYSTEM

PRELIMINARY CLASS: 707

**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "FOREIGN FILING LICENSE GRANTED" followed by a date appears on the reverse side of this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.11. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related application(s) filed under 37 CFR 1.62 which meets the provisions of 37 CFR 5.15(a). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations, especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR Parts 121-129) ); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j) ); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "FOREIGN FILING LICENSE GRANTED" DOES NOT appear on the reverse side of this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
